Eisenhower Snapping Back Fast

By RAYMOND J. CROWLEY

WASHINGTON (AP)—Former President Dwight D. Eisenhower, reported snapping back fast from his gallbladder operation, has his sights set on swinging his golf clubs by early spring.

"Quite satisfactory" was the latest word from Walter Reed Army Hospital on the 76-year-old five-star general's condition after his one and three-quarter hour operation Monday morning.

"Multiple large and small gallstones were in the gallbladder which was removed," said the bulletin issued shortly after 5 p.m. Monday. These were the stones which Eisenhower jokingly had referred to as "rocks."

The former first lady, Mamie, was staying near her husband in the executive suite at the hospital. The luxurious accommodations, otherwise known as the presidential suite, include bedrooms, a sitting room and a solarium.

An operation 10 years ago in the same hospital for ileitis, a constriction of the intestine, plus two major heart attacks and a minor cerebral stroke in the patient's history, made the doctors particularly watchful.

When the general was wheeled back to his suite Mrs. Eisenhower, son John and brother Milton were waiting. The general smiled at his wife, said Brig. Gen. Philip W. Malloy, commanding general of the hospital.

The late afternoon bulletin outlined Eisenhower's plans after his hospital stay, which could last 10 days or two weeks.

"Following his discharge from the hospital," the statement said, "Gen. Eisenhower expects to return to his farm in Gettysburg, (Pa.) then early in January will go to Palm Desert (near Palm Springs), Calif. He will stay in Palm Desert the usual length of time. He hopes to be playing golf by early spring."

Eisenhower aides said that up to 5 p.m. Monday well over 1,000 messages had been received from well-wishers.

Education TV Cancels Third Play

LITTLE ROCK (AP) — Fred H. Schmutz, program director for the state Educational Television station KETS, said Monday that he canceled a scheduled play in the NET Playhouse series for the second straight week.

Schmutz said, however, that the station would continue the series, but would have to decide whether to show plays individually.

The latest show to be canceled was "The Journey of the Fifth Horse" by Ronald Ribman. It was scheduled for showing Friday night, but Schmutz said he hopes to have another from the Playhouse series to substitute for it.

Last week Schmutz canceled "The Blocks on the Camino Real" by Tennessee Williams, saying it was "profane and lewd" to the extent that a newspaper would decline to print it.

It is embarrassing to get caught "putting on the dog."

Democrats Trace Trouble to Committee

By CARL P. LEUBSDORF

WASHINGTON (AP) — Many Democratic leaders around the country, disturbed by the November election losses, trace some of the trouble to the National Democratic Committee, and say it must be revitalized now to forestall another setback in 1968.

President Johnson and Vice President Hubert H. Humphrey already have started trying to find out what went wrong in 1966, and what to do about it.

State chairmen or national committeemen in more than half the 50 states, replying to questions in an Associated Press survey, claimed that high among the things that went wrong was failure of the national committee to function effectively.

"The Democratic National Committee is basically a shell," said Eugene Wyman, California's national committeeman. "In the next two years, the party organization must be rebuilt. If it does not come soon, there may be a general disintegration of Democratic party organizations throughout the country."

"I didn't realize it was in such bad shape," Gov.-elect Robert Docking of Kansas said after a recent visit to Washington.

"The real issue in the Democratic party right now is the national organization and what to do about it," said Montana's Democratic chairman, Fred E. Barrett.

National Democratic officials, interviewed here, agreed that coordination with state groups has been less effective than it could be, and said some activities have been curtailed because of money problems.

But John B. Criswell, acting treasurer of the committee, insisted that "we did as much as has been done in the past (in midterm elections) and much more in some areas."

"We expected very little help from the national committee and got little," said Colorado Chairman William Grant. "After all, this was an off-year. We weren't electing a president."

Iowa Chairman Clark R. Rasmussen disagreed. "I personally was very disappointed in the national committee's assistance and participation in the campaign," he said. "If it did more (than in the past) it was in other states — it was not in Iowa."

Rasmussen voiced the majority opinion of those replying to the poll. Of the replies, received from about 40 states, 60 per cent were critical, and less than 20 per cent praised the work of the committee.

Among those who did was Illinois Chairman James Roman, who said "we got fine cooperation from them in procurement of speakers and materials."

Backbone Mountain, with an elevation of 3,380 feet, is the highest point in Maryland. It is in Garrett County.

Television and Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Tennessee Williams' drama of illusion was recreated with delicacy and perception Thursday night in CBS' two-hour adaptation of "The Glass Menagerie."

"The play is memory," stated Hal Holbrook, serving as both Greek chorus and actor in the play. But it was not a happy memory, centering around the restless, trapped young man, a changed, Gus Hickerson acted as Santa's helper in distributing them.

and mental infirmities. Living in a shabby crowded St. Louis tenement, so poor that an unpaid bill cut off the electricity in midwinter, mother, son and daughter all existed in their own, special dream worlds, their own refuges from unpleasant reality.

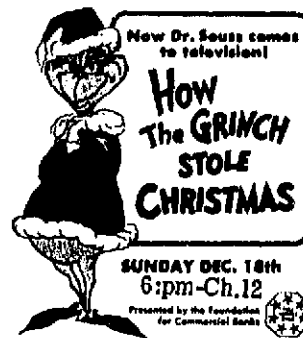

Amanda, the mother, constantly nagging and reproaching, alternately indulging in fantasy about her affluent girlhood and obsessed with finding a "gentleman caller" to court her daughter, lived in a strange world.

Laura with the crippled leg and so painfully withdrawn that even meeting strangers made her physically ill, spent her days with a small collection of glass animals and compulsively played old phonograph records. And Tom, boiling with frustration in a menial warehouse job, wrote poems in the washroom and went endless to movies to escape his dreary life.

Goaded by his mother, the son invited a coworker home for dinner, Laura, panicky, became ill. But the "gentleman caller" did begin to bring her out of her strange shell. Then he utterly destroyed her by telling her of his impending marriage.

Shirley Booth gave a sure and powerful portrayal of Amanda, Barbara Loden's helpless, sensitive Laura made her seem like a frightened injured bird. And Holbrook's sullen explosiveness was just right. Pat Hingle played the gentleman caller with sympathy and understanding.

It was a moving, impressive two hours of fine theater, beautifully produced and lovingly handled.

Centenary Wipes Out Hog Lead

FAYETTEVILLE, Ark. (AP) — Centenary wiped out a 14-point halftime lead, see-sawed through a final three-minute span and then tripped Arkansas 81-80 on Larry Ward's 25-foot jump shot with eight seconds remaining in their intersectional basketball game Monday night.

The Porkers vaulted to the lead early in the game and never trailed in taking a 50-36 halftime advantage.

But the Gents reared back early in the second half behind the eight-point scoring of John Blankenship, cutting Arkansas' lead to 56-54 before going ahead 63-62 on Ward's jump shot with 11:38 left in the game.

The lead changed hands five times in the final three minutes before Ward's goal gave the Gents their second victory in five games.

A desperation shot from mid-court by Benton Cone bounced off the rim and Arkansas took its third defeat against one victory.

Tommy Rowland led Arkansas with 35 points. Wally Freeman added 13 points and sophomore Gary Stephens 11 for the Razorbacks.

Ward paced the Gents with 30 points, but got strong support from Mike Scally's 17, Bill McBridge's 14 and Blankenship's 12.

Jacky Kimbrell, Arkansas' other sophomore starter, suffered an injured ankle in the first half. Team officials said he may miss a couple of games.

Young Holds Record for Penalties

DETROIT (AP) — Howie Young, the wild and unpredictable defenseman who holds the National Hockey League record for penalty minutes in one season, returned to the troubled Detroit Red Wings Monday.

The Wings, who have been having difficulty doing anything right on the ice, got Young, 29, from the Los Angeles Blades of the Western League.

Sid Abel, general manager-coach of the Red Wings, said names of the players traded are being withheld at the request of the Los Angeles club.

Detroit currently is in last place in the NHL and hasn't picked up a single point on the road.

Young's last season in Detroit was in 1962-63, and he set a record with 273 penalty minutes. He disappeared at times, missed practices, and generally posed a disciplinary problem.

Detroit traded him to Chicago for goalie Roger Crozier.

Chicago kept Young about a half season, then sold him to Los Angeles, where he set a Western League record with 227 penalty minutes.

Young, and a Red Wing spokesman, say the defenseman has reformed. So far this season he's scored four goals and assisted on 15.

MAYBE YOU never heard of New Mexico State, in which case you probably never heard of tailback Jim Bohl. Jim has been among the leading college rushers in the country the past two years and pro scouts know his name well.

Bodcaw, Hope and Emmet Fives Advance

BY RALPH ROUNTON

Hope's Holiday Tournament began in good fashion last night with teams from Bodcaw, Hope and Emmet posting victories.

The Bodcaw Senior Girls won their 11th straight against four Cale. Tied 15-all Bodcaw broke the game open in the third period. Leading scorers were Peggy Butler with 29 and Sherry Miller with 9 for Bodcaw. Cale's Janice Johnson and Sheila Brown had 12 each.

The Hope Ladycats won 44-30 over Stamps. Hope was always in the lead due to outstanding guard play. Ahead 24-20 at the half the local girls moved to a 37-26 lead early in the last period. Carol Anthony paced Hope with 20. Kathryn Coleman added 14 and Gail Hartsfield eight. Cathy Duke tossed in 20 for Stamps.

In the final game of the night Emmet Senior Boys rolled up an early lead and held on for a 57 to 44 victory over Bodcaw. They built up a 17-0 lead and then went ahead 23-6. Emmet Coach Don Mitchell began substituting freely. Late in the third quarter Bodcaw found the range and cut the lead to nine points but couldn't go closer.

W. C. McBride and Kenny Douglas had 14 each for Emmet and Mike Hill had 11 and Dennis Cole had 14 and Larry Cole 13 for Bodcaw while Quinton Moss added 11.

Play will be resumed here Wednesday night.

Baseball Has Freedom of Movement

By TOM SEPPY

WASHINGTON (AP) — Organized baseball apparently has the freedom to move its teams from city to city without fear of violating antitrust laws.

The Supreme Court declined Monday to review a Wisconsin Supreme Court ruling that organized baseball is immune to the state's antitrust law.

The state of Wisconsin fought 77 to retain the National League 73 Braves, who moved from Milwaukee to Atlanta last season.

Baseball has been immune 26 years from antitrust prosecution under federal laws for 44 years.

The high court's action Monday assures it the same immunity from state antitrust laws.

By refusing to consider the Wisconsin case, the court left baseball free either to limit or expand the number of teams and to choose the cities that will have them.

The Braves' initial move — from Boston to Milwaukee in 1953 — touched off a wave of franchise shifting and expansion which has not stopped. The St. Louis Browns moved to Baltimore, the New York Giants to San Francisco, the Brooklyn Dodgers to Los Angeles, the Philadelphia Athletics to Kansas City and the Washington Senators to Minnesota.

New franchises were granted in the American League to Los Angeles and Washington, and in the National League to Houston and New York. The Los Angeles Angels have since moved to Anaheim, Calif.

In Madison, Wis., however, state Atty. Gen. Bronson C. La Follette said the state is considering asking the Supreme Court for a rehearing.

And in Milwaukee, Rep. Clement J. Zablocki, D-Wis., said he would reintroduce legislation to strip organized baseball of its federal antitrust exemption. His similar bill died in committee in the 89th Congress.

The high court has heard cases for the second time only on rare occasions.

In saying Wisconsin might ask the Supreme Court for a second chance, La Follette noted that the state's plea had fallen only one vote short of the necessary backing to win a review of the case.

At least four of the nine justices must agree to bring a case before the Supreme Court for argument.

Justices Hugo Black, William O. Douglas and William J. Brennan Jr. said they would have heard the case. Justice Abe Fortas noted he took no part in the consideration or decision.

Wisconsin had asked the high court to review and reverse the 4-3 decision of the State's Supreme Court which ruled July 27 that organized baseball was immune from Wisconsin's antitrust law.

The Mississippi River has about 1 1/2 times the discharge of the St. Lawrence, according to the Encyclopaedia Britannica.

Streamlined Tournament Is Argued

By WILL GRIMSLEY
NEW YORK (AP) — Like the fictional Jack Spratt and his contrary spouse, the country's two pro golf champions have different tastes about the tour.

U.S. Open king Bill Casper wants more fat. Al Geiberger, the PGA titleholder, wants more lean.

"I could play 15 months of the year if there were that many," said Casper, the Mormon who the buffalo meat diet who beat Arnie Palmer in a playoff for the Open at San Francisco.

Geiberger, the beanpole who nibbles on peanut butter sandwiches for nourishment around the course, said he thinks the tour is too long. He'd like two months, or more, of enforced rest.

"We started in January and we have just finished our last major tournament — the PGA team matches in Florida," he said. "That means in about three more weeks we'll be hitting the road again."

Palmer, who teamed with Jack Nicklaus to win the \$50,000 first prize last weekend at Palm Beach Gardens, Fla., has argued for years for a streamlined tournament schedule of about 25 events. Now the \$4-million program runs to around 40.

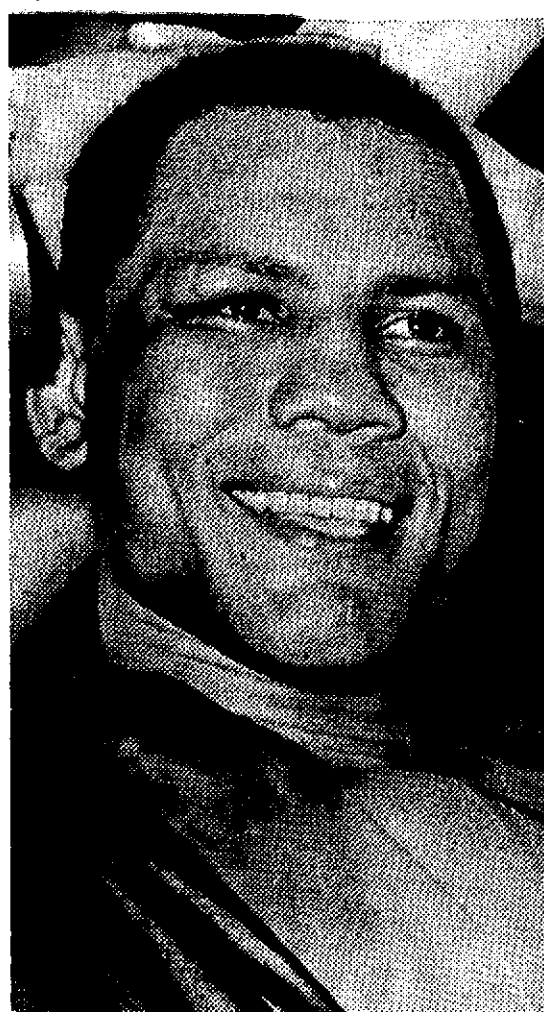

Nobody is making the golfers play in all the tournaments, or most of them, but it's necessary to keep pace in money winnings and Ryder Cup points, two important measures of success.

All the golfers are happy that prize money is continuing to escalate, with \$200,000-plus tournaments moving the \$100,000 classics into second class category.

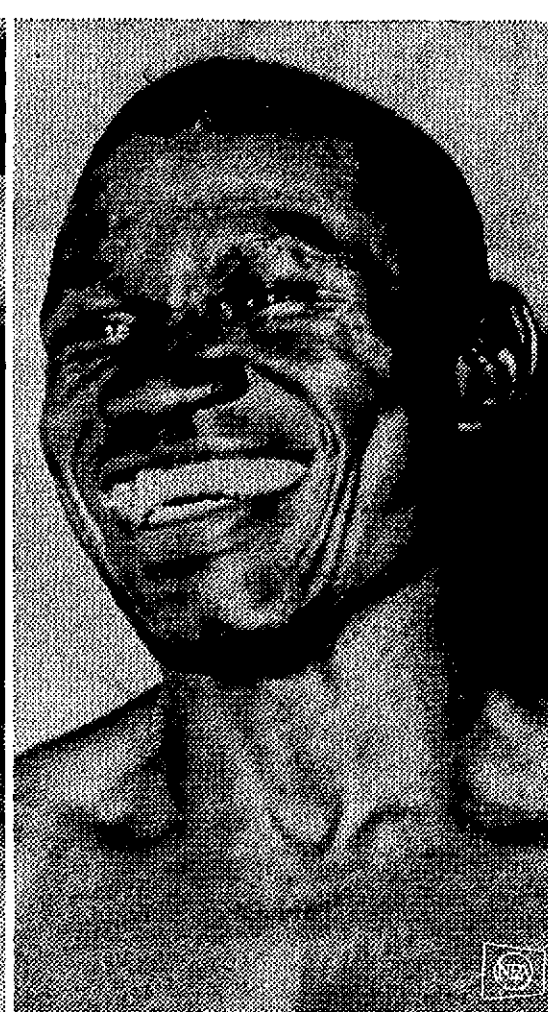

"I don't know when the bonanza will end," Casper said. "As long as people want to see the golfers and promoters put up the money, the men will take their cuts."

Casper, Geiberger and Palmer were among the eight leading pros honored at a banquet here Monday night as Golf magazine's 1966 All-America team.

A caged animal regards the cage as its territory.

SMILING CHAMPION Jose Torres, left, will put his light heavyweight title on the line Dec. 16 when he meets former middleweight king Dick Tiger, right. Although Tiger figures to give Torres a real battle, Jose is more interested in looking ahead to the day when he hopes to take on Cassius Clay for the heavyweight crown.

Hope Drops Decision to Emerson

BY LARRY DON WRIGHT
HOPE STAR SPORTSWRITER

The towering Emerson Senior Boys used their superior height to good advantage last night in turning back a gallant effort by the Hope Bobcats, 62-51, in the first round of the Southern State College Tournament in Magnolia.

Emerson jumped to a quick eight-point lead early in the first quarter but had to fight to maintain it as the Cats persisted with a scrambling and aggressive defensive challenge.

The constant stealing and deflecting of balls by the Cats was noticeably frustrating to the big Emerson boys but it wasn't enough as height prevailed.

Emerson grabbed a nine point lead through the first four minutes of play and at the time it appeared there was no end to the Emerson dominance but Hope finally got going and the lead was held back to eight. The first quarter ended with the score, Emerson 18, Hope 10.

The second period went much the same way as Emerson rose to a 14-point lead with less than two minutes before the half. A late surge by Hope brought the Cats to within eight again though as the first half of play ended, 35-27.

The Bobcats pulled to within five points four minutes into the third quarter, 41-36, but this was as close as they could come. The quarter ended with Emerson ahead, 48-42.

A set shot from the corner by Larry East with only 30 seconds gone in the final stanza, brought the Bobcats to within four points and that was the closest the Cats could get the rest of the night.

Emerson was able to add to its lead through the rest of the period as the final score was Emerson 62, Hope 51.

Danny Griffith led Hope in scoring with 17 points followed closely by Stan Reyenga who sacked 15. Other Bobcats scoring were East with 11, Luther Shaw with 6, and Dwight Galloway 2.

The win advanced Emerson to the quarterfinals of the Tournament against Smackover on Wednesday.

The Bobcats will be in action again tonight against the Prescott Curly Wolves. The game which will be played in Jones Field House will be preceded by the Junior boys game.

Torres Talks About Meeting Cassius Clay

LA JOLLA, Calif. (AP) — Jose Torres doesn't defend his light heavyweight championship against Dick Tiger until Friday, but already Torres is talking about meeting Cassius Clay.

"I'm real serious about going after Clay," Torres said Monday here at his training headquarters for the Madison Square Garden fight.

"If I can knock out Tiger that will help me both for the Fighter of the Year award and for a shot at Clay."

This business of knocking out Tiger, the former champion, is no small matter, though. In 71 fights, nobody has knocked out the Nigerian.

LA JOLLA, Calif. (AP) — Dorothy Chaney of Santa Monica, Calif., defeated June Gay of Oakland 6-2, 6-4, and won the women's singles title in the National Senior Hardcourt Championships Sunday for an unprecedented 10th straight time.

Jets, Giants Hold Key in Grid Play

By DICK COUCH
Associated Press Sports Writer

New York's pro football buffs, who counted themselves out of the American and National league title races weeks ago, can count themselves back in this weekend.

Although the Jets are going nowhere and the Giants have been there for sometime, each club may hold the key to its league's Eastern Division championship maze.

The Jets, whose hopes for an unprecedented winning season evaporated at San Diego last Sunday, take on the Boston Patriots, pace-setters in the AFL's Eastern race, at Shea Stadium Saturday. The Pats need either a victory or tie to lock up the division crown.

The Giants, most scored-upon club in NFL history, wind up their losing season over Sunday when they entertain the explosive Dallas Cowboys at Yankee Stadium. The Cowboys can wrap up the Eastern Conference title before they take the field if Cleveland beats second-place St. Louis Saturday.

But a Cardinal victory would give the fallen Giants a shot at sidetracking Dallas' title express. The Cowboys then would have to either beat or tie New York to clinch their first division championship since they entered the NFL six years ago.

The Cowboys, with the highest scoring offense in the league, rate three-touchdown favorites over New York, which has yielded a record 484 points in sliding to a 1-11-1 season mark.

The Jets, 5-6-2, are six-point underdogs against the Patriots, 8-3-2, who have dropped only one of their last 10 starts.

The Patriots, who lead Buffalo's defending AFL champs by one-half game in the Eastern stretch race, expect Gino Cappelletti, the league's scoring leader, to be ready for full-time duty. Cappelletti nursed a bruised thigh through last Sunday's 38-14 victory at Houston.

Dallas, the NFL's Eastern crown within its grasp last Sunday, bowed to Washington 34-31. Quarterback Don Meredith, injured in the second period against the Redskins, should be ready to call signals against the Giants, who were drubbed by Pittsburgh 47-28 last Sunday.

Elsewhere Sunday, Green Bay's Western Division kings visit Los Angeles, Baltimore is at San Francisco, Minnesota at Chicago, Philadelphia at Washington and Pittsburgh at Atlanta in NFL play; Denver at Buffalo, Houston at Miami and Kansas City, the Western Division champion, at San Diego in the AFL.

Boston Rides High and Has Title Feeling

BOSTON (AP) — The Boston Patriots have a championship feeling, as well as playoff money fever, in riding atop the American Football League's Eastern Division with just one game left in the title race.

"We now feel like champions," high-scoring Gino Cappelletti said in the wake of the Patriots' 38-14 victory at Houston Sunday. "We didn't freeze after falling behind 7-0. We had the composure of a champion — and it's a feeling that goes a long way."

The Patriots strengthened their hold on the Eastern lead, but need a victory or a tie against the Jets at New York Saturday to be sure of the title. A victory by runner-up Buffalo over Denver and a Boston loss would give the Bills the crown.

Despite a 24-24 tie with the Jets earlier in the season at Boston, the Patriots are confident of finishing with a victory and earning a shot at home against Kansas City, the Western champion, for the AFL crown.

UCLA Still Rated Tops in Nation

By BEN OLAN

Associated Press Sports Writer

There is no threat this week UCLA's standing as the No. 1 team in The Associated Press major-college basketball because the powerful Bruins not scheduled. Second-ranked Texas Western and fourth-ranked Kentucky, though, seem to have difficult tasks ahead.

Texas Western meets the ranked New Mexico State while Kentucky faces the ranked North Carolina Tuesday.

UCLA was a unanimous choice in the latest poll based on games through last Saturday. The Bruins were placed in top position by all 36 selectors on the national panel of sports writers and broadcasters.

The Bruins, 3-0, defeated Duke twice last week, 88-54 a day and 107-87 Saturday. No. 1 team does not play again until Dec. 22 when it takes Colorado State.

Texas Western, 5-0, held its place after defeating Texas, Pan American and Southern Methodist.

Louisville switched places with Kentucky, the Cardinals moving to third and the Cats slipping to fourth. Louisville beat Southwestern Louisiana and Southern Illinois while Kentucky lost to Illinois in overtime and came back to defeat Northwestern.

New Mexico, winner of Loyola of Los Angeles and Texas Tech, advanced one place fifth.

North Carolina, Brigham Young, Michigan State, Houston and Cincinnati complete first ten in that order.

Michigan State, 4-0, includes victories last week over South Dakota and Wichita State, its only new team in the ranking. The Spartans replaced Duquesne which has lost three of its games.

Houston, only member of Top Ten to play Monday night, shrugged off four technical fouls and buried visiting St. Mary's Calif., 90-74 for its fifth victory in six starts.

Alcindor Is Out of Reach of Everyone

LOS ANGELES (AP) — UCLA basketball Coach John Wooden says his skyscraper center, Lew Alcindor, got rough treatment in the Bruins' first three games.

"He is not getting the protection he should get and the protection normal players get," Wooden told sportswriters Monday. "There have been some atrocious things... On out-of-bounds plays, men stand next to him with their hands all over him."

Sophomore Alcindor, 7-1 1/2, scored 113 points in the games against Southern California and Duke.

Wooden indicated that referees are inclined to look at the ball, sometimes held aloft by Alcindor so it's out of the opposition's reach, instead of at contact being made with the young giant.

"They hold him down a little by body contact," said Wooden. "I have a film of the games and, if I put together some of the things I've seen, I could run a pretty good strip of it."

The Bruins don't play until Dec. 22 when they host Colorado State.

Packers Feel Injuries Won't Hamper

LOS ANGELES (AP)—Green Bay Packers coaches expect team injuries to have little effect on their Sunday game with the Los Angeles Rams, a spokesman says.

Quarterback Bart Starr suffered a rib injury last week against the Baltimore Colts and sat out the second half, but will play against the Rams if he recovers sufficiently. Zeke Bratkowski will be at the helm otherwise.

At guard, Fuzzy Thurston is ready to play again, but the spokesman said Monday he may not start. Replacement Gale Gillingham played the full game against the Colts and will be ready to step in again.

The Packers clinched the National Football League's Western Division championship with their 14-10 conquest of Baltimore Saturday.

Elijah Pitts will open again at halfback, even though Paul Hornung is well again, and Jim Taylor will hold down the fullback spot. But rookies Donny Anderson and Jim Grabowski are expected to play.

Wiretapping Will Move Into Senate

WASHINGTON (AP)—The wiretap flap between Sen. Robert F. Kennedy and FBI Director J. Edgar Hoover will move into the arena of a Senate hearing next year.

Sen. Edward V. Long, D-Mo., announced the scheduling Monday night.

Long, who has been investigating invasions of privacy by wiretappers and electronic snoops since February 1965, is chairman of the Senate subcommittee on administrative practices and procedures.

At issue is who—Hoover or Kennedy—is telling the truth about who authorized the wiretapping and electronic eavesdropping which has jeopardized a host of federal prosecutions.

One of those cases on the endangered list involves Bobby Baker, former secretary to Senate Democrats and a friend of President Johnson.

Baker's case is concerned with nine charges of income tax evasion, larceny and conspiracy, and is now being heard in U.S. District Court here.

As for the two principals in the dispute, both Kennedy, a New York Democrat, and Hoover were practicing the silence-is-golden routine Monday night.

The Kennedy-Hoover quarrel opened last Saturday with the release of a letter from Hoover to Rep. H.R. Gross, R-Iowa.

In this letter Hoover asserted Kennedy knew about the wiretapping and electronic surveillance activities of the FBI and attached a memorandum signed by Kennedy purporting to show this.

Further, Hoover said that

during Kennedy's 1961-64 tenure as attorney general, these activities had increased with Kennedy's approval.

Kennedy said maybe he was supposed to know about these activities, but he didn't and certainly he had never authorized them.

Hoffa Is in Toughest Spot of Year

By NEIL GILBRIDE
WASHINGTON (AP)—James R. Hoffa is in the toughest spot of his troubled nine-year reign over the giant Teamsters Union after the Supreme Court rejected

ed appeal of his jury-tampering conviction.

But "he took it philosophically" and immediately started laying plans to continue his battle to stay out of prison, a close associate said of Hoffa's reaction to Monday's court decision.

The Teamsters president was sentenced to eight years after his 1964 conviction in Chattanooga, Tenn.

Hoffa, re-elected last July to a five-year term as chief of the 1.7-million-member union, has no intention of giving up without a fight to the last, informed sources within the union said.

Hoffa's lawyers could stave off execution of the sentence for months, these sources said.

"He has three shots at it," said one source—"a rehearing (before the Supreme Court), a stay of execution and a writ of habeas corpus to show why he should not be detained."

Hoffa's attorneys hope to come up with new evidence that could upset the conviction, it was indicated.

However, neither Hoffa nor other union officials would comment officially.

Hoffa, first elected Teamsters president in 1957, successfully survived a long series of federal prosecutions until 1964 when he lost the jury-tampering case and was also convicted in Chicago and sentenced to five years for fraud.

It was also in 1957 that the Teamsters were kicked out of the AFL-CIO on corruption charges after Hoffa's predecessor, Dave Beck, was convicted of income tax evasion.

Many union leaders would like to invite the Teamsters back into the AFL-CIO to gain the added strength of the world's biggest union.

But George Meany, president of the 13.5-million-member AFL-CIO, has steadfastly refused to consider inviting the Teamsters back as long as Hoffa remains in control.

Mason Denies He Plans Marriage

LONDON (AP)—Movie star James Mason and Japanese actress Yasuko Yama have arrived in London from Switzerland denying reports they intend to marry.

Yasuko, 24, smothered in furs and wearing brown riding boots, said: "It's just not true. Absolutely not true."

Mason, 37, said: "We simply like each other."

Ruling Goes Against Condemnation

LITTLE ROCK (AP)—The Arkansas Supreme Court upheld a lower court decision Monday by ruling that the city of Osceola could not condemn property outside its city limits for right-of-way for a utility.

The city had sold \$1.6 million in revenue bonds to finance construction of an electric transmission line to hook up with the Southwest Power Administration's transmission system.

Osceola contended it required additional power to its city system because of residential, industrial and commercial growth.

The city cited a 1922 opinion that gave it authority to condemn the property in cases where it was essential to the city's operation of a light plant.

Justice George Smith said whether it was necessary to run a transmission line for the planned 45-mile route to acquire electric power was a "fact question upon which the record is silent."

The high court ordered Pulaski Circuit Court to conduct a rehearing on accusations by James Dean Walker that the state suppressed evidence in his second first-degree murder trial.

The court declined to rehear Walker's appeal from a life sentence. He was sentenced to death once for the murder of North Little Rock Patrolman Jerrel P. Vaughan in 1963, but the high court overturned the conviction. He was later tried again, convicted and sentenced to life in prison.

In other cases, the court:

—Dismissed an appeal from Phillips Chancery Court which had refused to allow Worth Insurance Co. to file a cross complaint against its agent, Kildner Insurance Co., in a \$1,325 lawsuit against Worth by Mrs. Tommy Patching.

—Ruled that Calhoun Circuit Court could not hear a suit contesting results of a local option liquor election won by the dry forces by 10 votes.

Seek Source of Ruby's Cancer

DALLAS, Tex. (AP)—The source of Jack Ruby's cancer has stirred conflicting estimates on how long the slayer of Lee Harvey Oswald has to live.

Medical specialists speculate the main cancerous growth lies in a lung, the pancreas or the gastro-intestinal tract.

They said the type of cancer involved is an adenocarcinoma, which denotes relationship to glands.

Dr. Jay Sanford, professor of internal medicine at Southwest Medical School and head of a medical team attending Ruby, said Monday Ruby may survive "two weeks or five years. He is not necessarily a hopeless case."

The Dallas News and the Dallas Times Herald, quoting unnamed sources, said the malignancy had spread to other parts of Ruby's body and the outlook was not favorable.

Sanford said it was too early to tell. "Chances of recovery depend on the location of the primary site" of a malignant tumor found Saturday in a lymph node in Ruby's neck, he said.

Ruby, 35, former Dallas night club operator, was taken from the county jail to Parkland Hospital Friday night. The hospital first said he appeared to have pneumonia.

Ruby shot Oswald two days after President John F. Kennedy was assassinated Nov. 22, 1963. Oswald was identified by the Warren Commission as the President's assassin.

Sanford said the source of the malignancy might take more than a week to locate.

Tenant Farming

Tenant farming in the United States is declining during the second half of the 20th century. In 1880, 25.6 per cent of all U.S. farms were being operated by tenants who rented all their land from landlords. The figure rose to 42.4 per cent in 1930, but has dropped steadily since then.

ROCKEFELLER From Page 1

ments in the programs of our university and colleges," Rockefeller said.

Talking about the short amount of time a governor-elect has to prepare his budget recommendations and programs before the legislature convenes, Rockefeller suggested changing the starting time of the General Assembly and a four-year, instead of two-year, term for the governor.

Budget requests of all agencies participating in general revenues were \$223,678,000 for 1967-68 and \$245,107,000 in 1968-69, Rockefeller said.

Rockefeller said anticipated revenues in the next biennium were \$385 million and in addition the state is expected to have available more than \$19 million on June 30, 1967, from previous revenues.

In advocating \$94 million for the public schools in 1967-68, and \$104.8 million in 1968-69, Rockefeller stayed within the amounts generally planned for public schools by both Gov. Orval Faubus and the Legislative Council.

Rockefeller recommended an increase of \$400,000 in each of the next two years for elementary textbooks. He proposed an expenditure of \$550,000 in 1967 and \$950,000 in 1968 to start a free textbook program on the high school level. He said this money would allow high schools to provide textbooks for some courses and that the program should be completed in the following biennium.

Rockefeller said his budget recommendations also contemplate the start of many new programs. He said a study was being made of the McRae and Booneville Tuberculosis Sanatoriums and that he was exploring the cost of initiating reforms in the penal institutions.

He said that should new or modified programs be undertaken, they could have the effect either of releasing funds for other needs or of requiring cutbacks.

Here some of Rockefeller's other recommendations for 1967-68 and 1968-69:

—Public welfare: \$119,378,175 for both years.

—Public health: \$2,347,000 and \$2,611,000.

—State hospitals: \$9,955,000 and \$11,510,000.

—Children's Colony: \$2,688,000 and \$3,807,000.

—Booneville Tuberculosis Sanatorium: \$2.5 million for both years.

—McRae Sanatorium: \$905,000 for both years.

—Rehabilitation Service: \$1,450,000 each year.

—Blind and Deaf schools: \$1,445,000 and \$1,505,000.

—Educational television: \$490,000 each year.

—Counties and cities: \$38 million and \$39.5 million.

The governor-elect recommended \$2 million each year for the governor's contingency fund and proposed that a committee of legislators be formed to advise him on its uses.

Soviet Cash Is Failure in Somali

MOGADISHU, Somali Republic (AP)—Nearly \$100 million worth of Soviet assistance has failed to make Communists out of the fiercely independent and traditionally democratic Somalis.

This little republic of 4.5 million largely nomadic people nevertheless is the major Soviet foothold in Africa south of the Sahara.

In their Moscow swimsuits, Soviet technicians and their wives crowd onto Mogadishu's Lido Beach together with Peace Corps teachers from the United States, German economic advisers, and businessmen from Italy.

Some 250 Soviet military experts are training the Somali army in the use of \$35 million worth of Soviet equipment. About 400 Somali cadets are training in the Soviet Union.

Soviet technicians have put up a dairy plant in Mogadishu, a meat factory at Chismayo in the south, and are building a big new port at Berbera in the north. They have installed Soviet transmitters at Radio Mogadishu. Soviet doctors are at work in Somali hospitals.

Plans for three big state farms on the Moscow pattern have been drastically scaled

Christmas Brings Out Best and Worst in Occupants of the Zoo

By HAL BOYLE
NEW YORK (AP)—Christmas brings out the best and the worst in the occupants of the office zoo.

In almost every American business office between now and the first of the year, some or all of these things are bound to occur:

Some way will try to figure a way to put a fifth of gin in the water cooler.

The secretaries in each department will compete to see which can put up the prettiest small Christmas tree by her desk.

Some cheapskates will steal the string of lights off at least one tree to decorate his own tree at home.

If someone takes up a collection for the janitor, half the staff will say, "Why him—why not one for the office boy?"

If someone takes up a collection for the office boy, half the staff will say, "Why him—why not one for the janitor?"

If someone takes up a collection for both the office boy and the janitor, three out of four members of the staff will whine, "When are you going to take up a collection for me?"

The senior executives will give their secretaries gift certificates averaging \$25, and get their annual reward—a dutiful peck on the cheek.

The junior executives will pass out stale boxes of cheap chocolates—and charming smiles. They'll get back from the girls grumpy looks of feigned gratitude.

Everybody will come to work later and later, and output will fall about 50 per cent.

The coffee breaks and luncheon periods will get longer and longer, as the employees try to do as much shopping as possible on company time.

From Dec. 15 on, only one out of three calls going through the office switchboard will have anything to do with the firm's business.

The homeliest girl in the place will sneak in a big sprig of mistletoe and furtively drop it on the desk of some bold fellow she's sure will hang it up.

Someone will be fired; someone will be hired.

One of the stenographers will come reeling in from an all-night luncheon so loaded with daisies she'll have to spend the rest of the afternoon recuperating in the ladies' washroom.

The office toper will be picked most of the week before Christmas, buttonholing passers-by in the locker room and weeping tears of 86 proof bourbon as he shows them pictures of his mother and exclaims, "She's the grandest girl that ever lived!"

At least 12 grim-faced wives will show up to collect their husband's check on payday so he won't be tempted to cash it himself on the way home.

If you say: "Have a Merry Christmas" to the office grouch, he'll snarl back, "Why should I—do I have to?"

In the general spirit of holiday cheer, half a dozen old office feuds will be healed—and half a dozen new feuds begun.

If the firm doesn't give a Christmas bonus, a third of the employees assure each other that come Jan. 1, they're going to look around for an organization that recognizes honest merit.

If the firm does give a Christmas bonus, two-thirds of the employees complain, "Santa Claus sure had arthritis of the hand this year, didn't he?"

There may be a total of 500 Soviet technicians, experts and advisers in Somalia. Many have their families with them.

"There is no doubt the Soviets are highly regarded," one Western diplomat says. "When Somalia rejected the West's pretty miserable offer of military aid, the Russians jumped in with a far more generous counteroffer."

Pursuit of Happiness

George liked opium. When police arrested him on a narcotics charge, George showed up in court with an unusual defense:

"I stand on my constitutional rights. I am entitled to life, liberty, and the pursuit of happiness. This happens to be my way of pursuing happiness."

But the court found him guilty anyway, because the protection of his health—whether he liked it or not—was a legitimate concern of the government.

Actually, the phrase "pursuit of happiness" does not appear in the federal constitution at all. It was used by Thomas Jefferson in the Declaration of Independence.

THE DOCTOR'S MAILBAG

Heart Murmurs Sometimes Heard in Normal Hearts

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Q—What is congestive heart failure with hypertensive cardiovascular disease? Is it dangerous? What is the treatment?

A—Hypertensive cardiovascular disease means that a very high blood pressure has caused some leaking of the heart valves. When this creates a back pressure in the veins, congestive heart failure is the result. It is always associated with waterlogging of the tissues. This is a progressively disabling disease, but with the use of digitalis and restricted activity the victim can live in comparative comfort.

Q—I am pregnant with my third child. In the early months of this pregnancy my doctor found a heart murmur. What would cause this?

A—Murmurs come in a variety of types and degrees of significance. Leaky heart valves (usually following rheumatic fever) and congenital heart defects cause organic murmurs. Sometimes a loud murmur of this type is of less significance than a soft, barely audible one.

Functional murmurs are often heard in normal hearts. They tend to disappear with exercise. They are a source of much unjustifiable worry but they are never a threat to your health. In your case your doctor should determine the cause and significance of the murmur.

Q—What is myocardial infarction with arteriosclerotic heart disease? Which medicine would be best for this condition—Coumadin or Peritrate?

A—A myocardial infarct is an area of heart muscle that has been damaged by having its blood supply cut off. This occurs when arteriosclerotic changes (hardening of the arteries) occur in the coronary arteries that supply the heart muscle. The two drugs are given for entirely different purposes. Warfarin (Coumadin) is given to prevent clotting of the blood in the arteries. Pentaerythritol tetranitrate (Peritrate) is given to dilate the coronary arteries.

Q—Would it be unwise for a person with rheumatoid arthritis to use an air conditioner?

A—No, but don't sit or sleep with the fan blowing directly on you and use enough sheets or lightweight blankets to keep you warm when the air conditioner is on.

Q—My father has been taking Nydradil for a year. What is this drug prescribed for?

A—Isoniazid (Nydradil) is given for tuberculosis.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns.

WIN AT BRIDGE

No Risk Bests Good Guessing

By Oswald & James Jacoby Newspaper Enterprise Assn.

A good guesser would have no trouble with this six diamond contract. He would play a couple of rounds of trumps, possibly fool around with the top spades and hearts and eventually lead the jack of clubs from dummy.

Or he might just win the first heart in dummy, draw two rounds of trumps and lead that same jack of clubs in order to get East's reaction to this quick play.

He would let the jack ride to West's ace and collect the slam and rubber bonuses.

A good bridge player would not have to make the diamond play.

He would take a good look at his ten of spades and see that it was a possible winner. Then he would win the heart lead in dummy, draw the same trumps, cash dummy's king of spades, come to his own hand with the heart king, discard one of dummy's clubs on the ace of spades and ruff a third spade in dummy. East would have had to drop one

spade honor on the ace and the other on the third spade lead. Then South would come to his own hand with a trump lead and discard another one of dummy's clubs on the ten of spades.

He would have been lucky to get that spade break. The chance of finding queen-jack doubleton or queen-jack-small was only about 7 per cent but investors have been getting rich for years on less than 7 per cent and this chance involved no risk at all. If South failed to drop the queen and jack of spades he could still try the club play.

Letters to the Editor

THIRD STREET
Editor-the-Star: From reading in the papers about LBJ planning to cut down the highway funds and seeing the congested traffic through town on Third street, I have been told by several persons of suggestions to ease up the congestion.

I understand that the I-30 link between Fulton and Arkadelphia will be among the very last ones built in the Super-highway program. This means it may be in our lifetime that the congestion through Hope on third street will get worse, not better. To build overpasses or underpasses along third street would be very expensive.

The city council met one night not long ago and had decided to eliminate parking on the south side of third street, I understand. A good idea would be to eliminate parking on that side of the street just as well as on the other side.

I feel that it will have to take cooperation from the people to get the program going in order to ease the congestion of heavy traffic passing through town. Why not eliminate excessive number of stop lights, and leave one stop light at the intersection of Third and Main Streets another one at the intersection of Third and Shover and install one at the intersection of Third and Hervey Street. Then you will have three stop lights.

Why not eliminate left turns on Third street between Hervey and Shover? It will have to take three right turns to make a left turn. Why not fix the hours during the day that no left turn to be permitted between 6 o'clock in the morning to 8 o'clock in the evening between Hervey and Shover Streets along Third street?

Why don't business houses including Lehman's, Hope Furniture Co. and Ritchie Grocery Co. make plans to park their trucks for loading and unloading at certain hours of the day or night, so to make traffic open without ever imposing hardships on them. If they would work things out and to think about their city as well as themselves, that will help to remedy the congestion problem a great deal. Why not put a speed zone, of 20 MPH between Hervey and Shover between the hours the same for no left turn.

If someone would come up with

an idea better than this one, it will go a long way to help Hope with this congestion problem. I wish that some one would come forward and get this thing in the program for the benefit of the town and people as well. Sincerely,

GRANDISON D. ROYSTON, JR.

Sails Ketch Total of 13,750 Miles

By THE ASSOCIATED PRESS
SYDNEY, Australia (AP) — A 65-year-old Briton sailed his 53-foot ketch into Sydney harbor today to complete a 13,750-mile nonstop solo voyage from Plymouth, England.

Francis Chichester had hoped to make the trip in 100 days — the average time clipper ships used to take. Adverse winds and currents stretched the Gypsy Moth IV's voyage to 107 days.

Forty-three yachts, speedboats and launches escorted Chichester through the harbor entrance as boat whistles tooted and ship's bells rang.

Chichester's wife and son, Giles, 20, who had flown from England, joined him during the tow up the harbor. As the ketch approached its berth, Mrs. Chichester came on deck with two full glasses and she and her husband drank a toast and waved to the thousands on shore.

Before he left England Aug. 27, Chichester said he would spend a month in Sydney and then set out on a longer solo trip home — 14,750 miles around South America and Cape Horn.

"I don't feel very different from how I normally feel," he told newsmen after landing. "But with this voyage I have had a tremendous strain. I appear to have lost about 40 pounds in weight."

CALENDAR OF EVENTS

PROJECT: VIET NAM-SPONSORED BY BOY SCOUT TROOP 162
The Boy Scout Troop 162 of Yenger High School, is undertaking this project of sending our U.S. Service men in Viet Nam a box or boxes of appreciation and loyalty for their untiring services and efforts put forth in helping to maintain a free country. They are asking that you help in this effort. The Scouts will be at your door on Wednesday, December 14th between the hours of 4 and 6 O'clock p.m. You may also call PR 7-3589 for pick-up.

They are soliciting such items as cigarettes, cigars, (pack or garton), nuts, sealed candy, fruit cakes in tin containers, and gum (single packs or box). Won't you help us to help them to have a bright tomorrow?

EHC CLUB MEETS

Mrs. Charlean Moore was hostess to the Church Hill Extension Homemakers Club in their December meeting. Mrs. Moore the president, expressed appreciation to the members for a good year, and solicited their support for the new year. Mrs. Gladys Hood gave a demonstration on making pot holders. Special guest was Mr. George Ngoni of Africa who made interesting remarks about his country, and answered questions asked by members of the club. Mrs. A. T. Williams, Home Agent, was also present. Refreshments were served by the hostess.

The next meeting will be held in the home of Mrs. Ellen Smith on January 3, 1967. Mrs. Clyde Johnson, reporter.

PERSONAL MENTION

Mrs. Helen Hughes, wife of Rev. J. E. Hughes, Pastor of Bethel A. M. E. Church, is a patient in Arkansas Baptist Hospital, Little Rock, Arkansas. She is in Room 379.

OBITUARIES

YOUTH ASKED FOR IT!

This column is for young people their problems and pleasures, their troubles and fun. As with the rest of Helen Help US!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to Helen Help US!, this newspaper.

THREE WAY SPLIT PERSONALITY

Dear Helen: I'm 14 and a sophomore. I didn't skip a grade but was born late in the year and so am younger than everyone in my class. The sad fact is I look a freshman, but my freshman friends are limited because they don't think as I do on most subjects. I've grown up with my class and I share the views of 15 and 16-year-olds, on boys, dating, etc.

Don't tell me to stay back a year, Helen, 'cause here's the joker: I work on a junior level.

There are juniors in most of my classes and seniors in a few. But when I'm with most juniors I feel like their kid sister.

In a nutshell, I look like a freshman, feel like a sophomore, and learn like a junior. Puzzled? You bet! —BETWIXT AND BETWEEN TEEN

Dear B and BT: Until time solves your problem—and it will in less than a year—use those brains to prove the "kid sister" has definite possibilities. If the youngest-looking in the class is also smart she can easily become the "mascot", and from there it's not hard to become a leader. In other words, capitalize on your "difference." You may not date until you're a junior, but I'll bet when boyfriend time comes, you'll have a lot of friendly boys to choose from.—H.

Dear Helen: I want to suggest something to my parents,

but am afraid they might take with the girl's parents if he is it wrong, so I'll suggest it to all she says he is.

YAFI and maybe they and other parents will take the hint. The girl might know he's a good guy, but it's his people who make him or break him. The publisher girls and comes home with their parents or the girls drive the car, then she likes to marry the guy from a bad family have the front porch light burning so she won't have to walk up the steps in the dark.

But when she's on a date and her boyfriend walks her to the door, that bright porch light makes him feel like everybody in the world is watching, especially neighbors and parents. You feel awfully silly, standing there shaking hands by the light of a 150-watt globe. At near midnight yet.

Would parents please be considerate and turn off the porch lights on date nights? —LA VERNE

Dear La Verne: Perhaps they will—if daughters are considerate and don't stretch "good-nights" into early morning.—H.

Don't tell me the guy can prove he isn't like his folks. Who will believe him? The public always makes an individual by the rest of his family.—GANGSTER'S SON

Dear Son: Let's amend that statement: The public judges an individual by his family — until he proves he is responsible for his own life. Stranglings in Cincinnati Total Six

CINCINNATI, Ohio (AP) — The investigation of six strangulation slayings picked up momentum today as police probed further into the fatal stabbing of another woman.

Police held Postel Laskey, 29, a laborer and a former cab driver, but have not charged him with any of the murders. He has denied knowing anything about them.

Laskey was charged earlier with several minor offenses and was being questioned about the series of slayings.

Police, giving no further comment, called a news conference today.

The murders are the stabbing of Barbara Bowman, 31, and the strangling of six elderly women. The stranglings started Dec. 2, 1965, and have made Cincinnati a city of fear.

All the strangling victims were more than 50 years old. Five had been raped.

Laskey was arrested Friday shortly after Lula Kerrick, 81, was found strangled in the elevator of her apartment house two blocks from police headquarters.

The arrest was not directly concerned with the slaying. Police picked up Laskey on the complaint of a woman who lived near Miss Kerrick and said a man had chased her into her home. A neighbor noted the license number of the man's car.

Late Monday, police obtained a search warrant and took three bags full of undisclosed items from the homes of Laskey's mother and from an apartment he rented four weeks ago.

Miss Bowman, a secretary, was found dying early Aug. 14 near a wrecked taxicab that turned out to have been stolen.

The drawings and graphics, ranging from \$25 to \$35,000 in value, will be displayed at an exhibition here.

Capponi rented a small trailer for the trip, which took about 16 hours, with a dozen restaurant cops along the way.

Cash Sought for School Near Camden

LITTLE ROCK (AP) — A biennial budget of \$1.1 million for a proposed vocational-technical institute near Camden will be sought from the 1967 General Assembly, the state Board of Education said Monday.

The board gave the proposed school a tentative name and established a tentative budget in order that applications for federal funds for the facility could be processed, said Education Commissioner A. W. Ford.

Ford proposed the name—the Southwest Vocational Technical Institute and the board decided to use it.

The school, which the board hopes to open next September, would offer courses in electronics, instrumentation, industrial chemistry, drafting, data processing, aviation and fire and police training.

Among the undecided were 11 Negroes, and one commented he would not vote for either of the candidates. The legislators were asked what their decisions would be at an annual legislative institute at the University of Georgia in Athens, and by telephone.

Both Callaway and Maddox were at the meeting Monday seeking to convince legislators that each was the best man for the job.

But the two rivals gave different viewpoints on the outcome of the U.S. Supreme Court's 5-4 ruling allowing the legislature to choose the man they want to fill the governor's chair.

"I think it would be very tough on a man to be named governor if he did not win a majority of the votes by the people," Callaway said.

But Maddox, hailing the decision, said he was sure he would be Georgia's next governor because of legislative support.

Some legislators, dissatisfied with both candidates, reportedly have started a movement to block either one from claiming the governorship.

Their strategy is to refrain from voting when the legislature meets in joint session. The Georgia constitution requires the votes of a majority of members present at the session.

Maddox Has Backing of Legislators

ATLANTA, Ga. (AP) — A check of Georgia legislators, who will elect the state's next governor, gives Democrat Lester G. Maddox almost a 4-to-1 edge over Republican candidate Howard Callaway. But many lawmakers still were undecided.

The General Assembly, consisting of 259 lawmakers, has 229 Democrats — 46 out of 54 in the Senate and 183 out of 205 in the House. The legislature is expected to select the next governor Jan. 10, the day after the next legislative session begins.

The Associated Press sampling shows: Maddox 33, Callaway 9, undecided 33.

Atty. Gen. Arthur Bolton, asked what would be the result if the lawmakers fail to make a decision, said that Gov. Carl Sanders possibly could remain in office.

Limited Sanction to Use of Informers to Combat Crime

By BARRY SCHWEID
WASHINGTON (AP) — In careful language the Supreme Court has sanctioned limited government use of informers and undercover agents to combat crime.

That, in sum, is the essence of the court's actions Monday in upholding the convictions of Teamsters Union President James R. Hoffa, former union lawyer Z.T. Osborn Jr., and Duke Lee Lewis, a small-time narcotics peddler.

But the justices moved cautiously as they endorsed, in special circumstances, government gambits that some of them found displeasing.

Hoffa, Osborn and Lewis of Boston all claimed they had been tricked by the government. Hoffa by a paid Justice Department informer recruited from union ranks, Osborn through a tape recorder strapped to the back of a man he thought was working for him and Lewis by a federal agent posing as a marijuana customer.

But their claims did not cause the court to reverse their convictions. Hoffa's eight-year prison sentence for jury tampering was affirmed 6 to 1, Osborn's bribery conviction was upheld 8 to 1 and, in the third decision, Lewis' narcotics conviction was affirmed 8 to 1.

The right of privacy, even against government intrusion, is protected by the prohibition the Fourth Amendment to the U.S. Constitution puts on "unreasonable searches and seizures."

However, the high court has taken varying views on whether it is an insurmountable bar against government action.

Monday the court found in the circumstances of the three cases before it sufficient reason to tip the scales in favor of what Chief Justice Earl Warren called "official deception in order to gather evidence for criminal prosecutions."

Justice Potter Stewart, in the controlling opinion in the Hoffa case, took pains to point out that government informer Edward Grady Partin, a fellow Teamsters official, did not enter Hoffa's hotel suite "by force or by stealth."

Partin reported back to the government that Hoffa was trying to bribe members of a federal jury trying him in Nashville, Tenn., on a conspiracy charge.

Hoffa, said Stewart, "was not relying on the security of the hotel room; he was relying upon his misplaced confidence that Partin would not reveal his wrongdoing."

Rockefeller Budget Is \$195 Million

By ROBERT L. SHAW
Associated Press Writer
LITTLE ROCK (AP) — Governor-elect Winthrop Rockefeller proposed today a general revenue budget of \$195,673,000 in 1967-68 and \$214,054,000 in 1968-69 that he said will give both teachers and welfare recipients more money.

Rockefeller's budget includes an increase of \$9 million in 1967-68 and \$18 million in 1968-69 for teachers salaries, giving teachers the average \$500-a-year increase he had promised in his campaign. Rockefeller proposed \$5-a-month increases to welfare recipients in each of the years of the next biennium.

Rockefeller made his recommendations before the Arkansas Legislative Council. He said his review of budgets "has necessarily been general in nature and somewhat tentative in conclusion" because of limited time and lack of information.

"Studies have been undertaken, and will continue even into the legislative session, which could require some significant readjustment and realignment of the general revenue budgets," Rockefeller said.

The governor-elect recommended reductions in the budget requests of the public schools, the University of Arkansas, state-supported colleges and the Welfare department.

His recommendation for the public schools is about \$4.2 million less than that requested for 1967-68. The reductions in the welfare budget amount to about \$2.1 million for each year of the biennium.

His recommendations for the university and colleges are \$5,087,000 less than the amount requested for 1967-68 and \$5.5 million less for the following fiscal year.

"Such reductions, although regrettable will nevertheless permit significant improvement," Rockefeller said.

Enemy Base Near Saigon Is Bombed

By ROBERT TUCKMAN
SAIGON, South Vietnam (AP) — U.S. B52 Stratofortresses unloaded a cascade of bombs on an enemy base close to Saigon today, and the Viet Cong retaliated with an outbreak of grenade throwing in the capital and near it.

Although more than 1,000 South Vietnamese troops pushed a search-and-destroy mission in the Mekong Delta 105 miles south of Saigon, ground fighting across the country dwindled and only light skirmishes were reported.

U.S. planes Monday had their busiest day over North Vietnam in weeks, flying 99 bombing missions or 300 to 350 individual strikes. This was still well below the average of 150 missions flown daily before the monsoon storms moved north.

In one of the missions two all-weather Navy Intruders from the carrier Kitty Hawk struck only five miles from Haiphong, North Vietnam's main port. The jet bombers made radar precision runs on a missile assembly installation, and one of the pilots said the explosions "looked like flashbulbs in the night."

The B52 raid hammered at a Viet Cong base camp and storage area 30 miles north of Saigon, repeating raids last week in the same area aimed at knocking out the lairs from which the Viet Cong launch terror attacks against the capital.

The closest B52 raid to Saigon was staged last March 28, when the eight-engine bombers hit 18 miles southeast of the city.

Three terrorist attacks in and around Saigon were reported. All the terrorists escaped.

In the air strikes against North Vietnam Monday, U.S. Air Force pilots reported knocking out five trucks in a camouflaged convoy spotted 42 miles north-northwest of Dong Hoi.

American pilots struck eight times in the demilitarized zone separating North and South Vietnam and reported wrecking a series of North Vietnamese trenches and bunkers.
